

## Keg & Case Market Opens in Revitalized Schmidt Brewery Complex

Madigan, Dahl & Harlan recently provided legal assistance to Keg & Case Market, who opened a food-focused shopping and dining destination to the public on September 14, 2018. Keg & Case Market's opening has been met with enthusiastic support. Keg & Case Market is located in the former keg house of the historic Schmidt Brewery complex, in St. Paul, Minnesota.

Craig Cohen, the project's developer, sought out local one-of-a-kind tenants to lease the 33,000 square foot space. The market houses over twenty tenants ranging from pizza and ice cream concepts like MN Slice and Sweet Science, to fresh grown exotic mushrooms from Forest and Fork, to pottery and woodshop vendors like Evla Pottery and HandMod.

The venue also features Clutch Brewing Co., a start-up craft brewery, and other Twin Cities staples like Five Watt Coffee, Rose Street Patisserie, Bogart's Doughnut Co., Pimento Jamaican Kitchen and Revival Smoked Meats.

The market's anchor tenant, In Bloom, opened on September 24, 2018. In Bloom is a flagship restaurant by Nick Rancone and award-winning chef Thomas Boemer that features an 18-by-20 foot wide fire hearth where all cooking takes place. In Bloom's menu features an entire venison section, bird entrees, plenty of roasted vegetables, and seafood.

You can find more information on specific vendors, and market hours, on Keg & Case Market's website: <https://www.kegandcase.com/>.
